# PLEASE JOIN US!

Join us for Google's Made with Code party to learn more about how you can use coding to pursue what you're interested in from art to sports, fashion, medicine, science, and everything in between.

This event will also feature the screening of *Hidden Figures*, a movie based on the true story of three female, African-American NASA mathematicians — Katherine Johnson (Taraji P. Henson), Dorothy Vaughn (Octavia Spencer) and Mary Jackson (Janelle Monáe) — and their decisive contributions to the launch of astronaut John Glenn into orbit.

***For girls 10-16 years old • No prior coding experience necessary!***

**March 17, 2018 • 8:30 am – 1:00 pm**

**Mount Laurel Campus • Laurel Hall Room 320**

***Please click here to RSVP for this event!***

***For more information, please contact:***
